- Use Mendeley with Microsoft Word.

What is Mendeley?

Mendeley is a desktop and web program for managing and sharing research papers, discovering research data and collaborating online.

It requires the user to store all basic citation data on its servers—storing copies of documents is at the user's discretion.

Reference Manager : Mendeley

- ❖ **Generate citations and bibliographies in Microsoft Word, LibreOffice, and BibTeX.**

Free and fully compatible with

- ✓ Microsoft Word 2007, 2010, 2013.
- ✓ Mac Word 2011.
- ✓ LibreOffice.
- ✓ BibTeX.

- ❖ **Create bibliographies instantly**
Cite seamlessly without leaving Word.
Format your citations and bibliography according to your chosen style.

- ❖ **Quick and simple installation**
Install the Word Plugin in 3 clicks.

❖ Citation styles for thousands of journals

Quickly search and select your citation style from a rapidly growing [community managed database](#), or create new styles with the new CSL Editor.

❖ Flexible formatting

Hanging indents, the use of “Ibid.”, author disambiguation. Mendeley looks after the details of creating a bibliography so you can focus on writing.

❖ Collaborate on bibliographies

Share bibliographies with your colleagues through a private group. Any member can add or edit any cited references.

Read and Annotate

Open PDFs and capture your thoughts through sticky notes and highlights.

❖ **Save time navigating PDFs**

Open multiple PDFs in separate tabs. Read, take notes and switch back to your research library instantly.

❖ **Save and print annotations**

All your annotations can be saved within your PDFs, so when you print them out, your ideas travel with you.

❖ Annotate and highlight

No more need for hand-written notes, sticky notes and highlighter pens. You can now annotate, highlight, and add sticky notes directly to your PDFs.

Available for **Mac**, **Windows** and **Linux**

❖ Share annotations with others

Simply create a private group, add colleagues and start sharing. Every time you add notes or highlight a paper, it will be visible to members of the group.

Content-based recommendations: The user is recommended items similar to the ones preferred in the past;

Collaborative recommendations: The user is recommended items that people with similar interests and preferences liked in the past;

Add and Organize

Import and organize PDFs from your computer, EndNote™, Papers or Zotero.

❖ **Organized PDFs**

Organizing your PDFs doesn't have to be a chore. Let Mendeley do it for you. Identify recently added papers, add favorites in a click and store them in multiple folders.

❖ **Comprehensive search**

Mendeley searches across the full-text of your research library and results appear instantly as you type.

❖ Easily sorted

When you add PDFs, we instantly scan them to identify the author, title, journal and other information by matching the PDF's contents with our global research library.

Intuitive navigation

No more complicated file names. Navigate your research library through relevant fields like Author, Title, Publisher and Journal.

Mendeley Desktop – windows version

The screenshot shows the Mendeley Desktop application window. The title bar reads "Mendeley Desktop". The menu bar includes "File", "Edit", "View", "Tools", and "Help". The toolbar contains icons for "Add Files", "Folders", "Related", "Share", and "Sync". A search bar is located in the top right corner with the text "Search...".

The left sidebar is divided into three sections:

- Mendeley**: Literature Search
- My Library**: All Documents, Recently Added, Favorites, My Publications, Unsorted, Buss Com, and an **Untitled Folder** (highlighted).
- Groups**: Create Group...

At the bottom left, there is a "Filter by Authors" dropdown menu with "All" selected.

The main workspace is titled "Create Folder...". It features a table with the following columns: Authors, Title, Year, Published In, and Added. The table is currently empty. To the right of the table are tabs for "Details", "Notes", "Contents", and "Enrichments".

At the bottom right of the workspace, the text "No documents selected" is displayed.

List of articles

The screenshot shows the Mendeley Desktop application window. The interface includes a menu bar (File, Edit, View, Tools, Help), a toolbar with icons for adding files, folders, related items, sharing, and syncing, and a search bar. The main area is divided into several sections:

- Left sidebar:** Contains 'Mendeley Literature Search', 'My Library' (with sub-items like All Documents, Recently Added, Favorites, Needs Review, My Publications, Unsorted, Buss Com, and Create Folder...), and 'Groups' (with Create Group...).
- Filter by Authors:** A list of authors including Neves, Pulendran, Sue, Speed, Richard, Aina, Bolajoko, Faseru, Babalola, Odukoya, Oluwakemi O, and Poluyi, Edward O.
- Central article list:** A table with columns for Authors, Title, Year, Published In, and Added. It lists three articles from the 'Buss Com' group.
- Right sidebar:** Shows details for a selected article, including its type (Journal Article), title, authors, journal information, and abstract.

Red boxes and arrows highlight specific areas: a box labeled 'List of articles' points to the central table; a box labeled 'Section to organize the articles' points to the 'My Library' and 'Groups' sections; a box labeled 'Section to filter the articles' points to the 'Filter by Authors' list; and a box labeled 'Details of the articles' points to the right sidebar.
